

## **Minutes of George Creek Water Users**

The annual meeting of the George Creek Water Users and the Division of Water Rights was held at the home of Mike Spencer on April 4, 2007 at 11:00pm. Mike called the meeting to order at 11:10. We couldn't find any minutes from last year to approve.

Those present were Mike, Stan and Sherry Spencer, Nelson Stillwell, Will Atkin and Bob Fotheringham.

There was discussion about willows on the bank of the reservoir and accumulation of silt at head gates. Bob informed us about the enforcement situation with monetary fines that could be charged, and also fines can come with non compliance of state engineer orders.

High water was May 19<sup>th</sup> at 70 second ft. and low water July 30<sup>th</sup> at 4.8 second feet. This water year looks to be a low water year. Bob said it's predicted less than 50% of normal in all of northern Utah.

Nelson nominated Mike to be the water commissioner and Stan seconded. Mike accepted at the same wage. We won't have to elect again for 4 years.

The financial statement was reviewed and discussed. The budget was the same as last year. Stan moved and Mike seconded to accept the budget.

Meeting adjourned at 11:55 am.
